

ABOUT BSB

Founded in 1969 and established in 1970 in Tervuren, BSB is an international learning community for students from 1-18 years with over 1,350 on roll. Students represent approximately 70 nationalities and follow a British-based curriculum up to age 16, adapted to reflect our European context and international cohort providing (I)GCSE. Post-16 BSB is the only school offering three pre-university choices: GCE A Levels, the International Baccalaureate (IB) Diploma and BTEC vocational courses in Hospitality, Sport, Business and Applied Science. We also offer a bilingual French/English programme established for ages 4-14.

Enrichment Sports and Activities

Learning **together**
inspiring **success**

ENRICHMENT ACTIVITIES AT BSB

As you would imagine from an international school, our enrichment activities are extensive and our facilities are superb. There is a wide range of both team and individual opportunities available. The extensive activities that we offer enrich the lives of our students. There are, for example, lessons to be learned on the field in sport, through hours of musical practice, and in collaboration on projects that enhance lessons. Through enrichment activities, students can find their true passions and meet many new friends. Almost all of our enrichment activities are free.

SPORTS

Sports at BSB foster a sense of well-being and accomplishment. Participating in an enrichment activity provides important lessons and develops skills such as teamwork, sportsmanship and determination. There is a wide range of opportunities available for both team and individual sports. The exceptional sports facilities at BSB provide the optimal space for students to perform including a new gymnasium, dance studio, fitness suite and 25-metre swimming pool.

PLEASE NOTE THAT SOME SPORTS ARE SEASONAL AND ALL ACTIVITIES ARE SUBJECT TO CHANGE

PRIMARY SCHOOL

MUSIC, DRAMA & ARTS

Our outstanding music facilities include a spacious, well-equipped Music Technology Studio, a recording studio of near-professional quality, a large rehearsal hall, Brel Theatre seating 240, state-of-the-art sound and light equipment, 12 individual practice rooms for instrumental lessons, and a wide range of instruments available for rental to students taking instrumental lessons. Drama, Music and Art enrichment activities provide students with the opportunity to grow and learn from each other, build confidence, and experience a sense of accomplishment together.

GLOBAL AWARENESS

These enrichment clubs are designed to promote consciousness regarding culture, gender, age diversity and more. These clubs and activities are critical in an increasingly global society. Students also have the opportunity to participate in the Model United Nations and much more.

LANGUAGES

With 70 nationalities here, languages are at the heart of our school.

TECHNOLOGY, MATHS & SCIENCE

Our nine science laboratories are exceptionally well-equipped. There are plenty of opportunities to explore science in more detail in our lunch time activities.

PLEASE NOTE THAT ALL ACTIVITIES ARE SUBJECT TO CHANGE
